- 4. I understand the risks include, but are not limited to: complications resulting from the use of dental instruments, drugs, medicines, analgesics (pain killers), anesthetics and injections. The complications include, but are not limited to: swelling, sensitivity, bleeding, pain, infection, cold sores, numbness and tingling sensation (paresthesia) in the lip, tongue, chin, gums, cheeks and teeth which are transient in most cases but on infrequent occasions may be permanent; reactions to injections, changes in occlusion (biting); jaw muscle cramps and spasms, tempromandibular (jaw) joint difficulty, loosening of the teeth, broken rubber dam clamps, loosening or cracking of crowns or bridges; referred pain to ear, neck and head; nausea, vomiting, allergic reactions, delayed healing, sinus perforations, discoloration of the face andtreatment failure. Fractures of the tooth (teeth) or crown(s) may occur during or after treatment.
- 5. I have been given the opportunity to ask questions and I have received answers in words I understand concerning the nature of the treatment, the inherent risks of the treatment, the alternative(s) to this treatment, if any, and it's/their risks. I understand that I will always have the option of no treatment or extraction as opposed to acceptance and/or continuance of the recommended treatment. I understand that dental treatment is an attempt to save a tooth that may otherwise require extraction. Although dentistry has a high degree of success, it cannot be guaranteed, and no guarantees have been made.
